

Creating Pretty Cards – Sketch Challenge #24

June 2013

Our card challenges are here to be a source of inspiration, helping you create pretty cards easily! You're encouraged to let the creative spark take you wherever it goes: rotate the layout, change up the sizes, use different shapes, or duplicate the sketch exactly.

To help you get started we've created this Mini Tutorial with measurement and cutting information as well as a recipe for our inspiration card. This is just a tiny glimpse of what you can expect from the Monthly Craft Project Central Tutorials! We're looking forward to seeing what this sketch inspires you to create!

Creating Pretty Cards – Sketch Challenge #24

Inspiration Card Designed By: Kris Kilkenny

This and That™ isn't just for journals. Use this cute Epic Day Collection to create cards, stationary, pockets and more. This masculine birthday card has a cool retro feel and features a sentiment from the Best of Birthdays stamp set. Designer Washi Tape gives it an extra pop of color.

Step 1

Cut a 5-1/2" x 8-1/2" piece of Whisper White card stock and fold in half. Cut a 5-1/4" x 4" piece of Epic Day This and That Designer Series Paper (DSP) and attach to the card front with an Anywhere Glue Stick.

Step 2

Cut three coordinating pieces of Epic Day This and That DSP measuring 1-1/2" x 2", 1-1/2" x 3" and 3/4" x 3-1/4". Cut a "v" or "scissor tail" shape at the bottom of the 3" piece. Attach this piece over the top of the 2" piece with a staple. Glue to card front. Cut the 3-1/4" piece as shown in the photo (like an arrow) and attach to the right, overlapping the first piece slightly. Tear off a 3" piece of Epic Day This and That Designer Washi Tape and scissor tail the bottom of this piece. Attach to card front.

Step 3

Stamp the *Happy Birthday* sentiment from the Best of Birthdays stamp set twice on to scraps of Whisper White card stock using Jet Black StazOn ink. Punch out one of the images with the Extra-Large Oval punch. Cut out the Happy Birthday banner on the other image using Paper Snips and attach to the first image using Stampin' Dimensionals. Attach completed piece to card front using Stampin' Dimensionals.
