Creating Pretty Cards – Sketch Challenge #2

Inspiration Card Designed By: Julie Edmonds

I love having a few elegant sympathy cards on hand so I'm ready to go when something comes up, but occasionally you just need a fun light "I'm Sorry" card. They're great for a quick note to a friend who's having a bad week or to go along with something you're late sending out. This little piggy card is great for those times!

The background of the card was embossed using the Framed Tulips embossing folder. Creating a square frame with the embossing folder is easy. Just line up three sides of your card stock and run it through the Big Shot like you normally would. Next open the folder and slide the square down to the other end, you'll feel the embossing lock into place when you have it in the right spot. Now run it through the Big Shot again – but only roll through about half way, then back out – this will keep you from flattening the other side of embossing!
